

# International Shipping

## International Shipping & Logistics

We ship worldwide by air and sea freight with full export documentation and cold-chain-free handling. Our logistics team works with medical-device customs specialists to clear implants quickly in your market.

## Incoterms & Freight

| Term      | What It Covers                                             |
|-----------|------------------------------------------------------------|
| EXW       | Ex-works from our London facility — you arrange collection |
| FOB / FCA | We deliver to port/airport and clear for export            |
| CIF / CIP | We arrange freight and insurance to your destination port  |
| DDP       | Delivered duty paid to your door (selected countries)      |

## Documentation Provided

- Commercial invoice & packing list
- Certificate of Origin (Chamber-stamped)
- Certificate of Free Sale
- ISO 13485 & CE certificates
- Airway bill / bill of lading and insurance certificate

## Customs & Lead Times

Most orthopedic implants classify under **HS Code 9021.10**. Stock lines dispatch within 3–5 working days; made-to-order and instrument sets typically 2–4 weeks. Express courier (DHL/FedEx) available for urgent surgical cases.

*For a shipping quote to your country, send us your product list and destination via the enquiry form or WhatsApp.*
